NOTE	10
INTRODUCTION	11
PART I – EAST ARABIA	17
1. Northeast Arabia	19
<i>The island of Failaka</i>	20
<i>The island of Baḥrayn</i>	22
<i>Thāj</i>	25
<i>‘Ayn Jāwān</i>	28
<i>Qaṭīf</i>	28
<i>Tārūt</i>	29
<i>Dhahrān</i>	30
<i>Salt Mine Site</i>	30
<i>Al-‘Uqayr</i>	32
<i>Al-Hufūf oasis</i>	33
2. Southeast Arabia	35
<i>The Iron Age underground water channels</i>	35
<i>Mleiha: a process of sedentarisation in the Oman Peninsula</i>	47
<i>The Oman Peninsula in the early centuries AD</i>	65
Ed-Dur	65
Kush	69
Khatt	70
Jazīrat al-Ghanam	71
Dibbā	71
Suhār	72
Al-‘Ayn oasis	75
<i>Central Oman</i>	77
The Ṣamad valley	82
Other sites in the mountains and western foothills	87
Sites on the eastern slope and coastal region	91

<i>Transition and cultural relationships</i>	94
From the Iron Age to the Late Pre-Islamic period	94
Ancient Oman in Arab tradition	97
The funerary architecture at Mleiha: an Arabian tradition	99
3. The settlement of East Arabia	105
A settlement model for “Arabia deserta”	105
Some thoughts on the settlement of central Oman	112
PART II – SOUTH ARABIA: FROM THE ARID MARGINS TO THE HIGHLANDS	115
1. Settlement of South Arabia: the need to control water	119
<i>Sketch of a hydraulic history of the lowlands</i>	119
The origins of irrigation: small-scale systems in response to a changing environment	121
The extension of irrigation systems into the main valleys	125
Environmental and social implications of agricultural expansion	129
Appropriation of land and formation of the South Arabian kingdoms	130
Politics of expansion and commercial development	132
The decline of the lowland irrigated lands	135
A case study: the Markha valley, territory of the kingdom of Awsān	139
<i>Sketch of a hydraulic history of the highlands</i>	148
The earliest agricultural terraces	148
First millennium BC: development of terraces, emergence of the elites and appropriation of land	155
Dams of the Ḥimyarite period: the spread of a centralised authority	157
2. The urbanisation of South Arabia	163
<i>The first urban form: spontaneous towns</i>	163
The slow process of urbanisation, a fruit of the agricultural conquest	163
South Arabian towns: the logic of settlement and growth	168
The urbanisation of South Arabia: an endogenous process	169
Case study of a spontaneous town: Makaynūn and the construction of a communal space in the Ḥaḍramawt	171
<i>The second urbanisation: new towns</i>	185
Do defensive systems made of adjoining houses reflect urban foundations?	185
Sabaeen foundations	190
Commercial foundations	191
Urban foundations in the inscriptions	193
New towns: a synthesis	193
Case study: Qāni’, a port foundation	194
<i>An atypical urban development: Sana’a</i>	201
3. Urbanism and urban functions in South Arabia	203
<i>Morphology of South Arabian towns</i>	203
The town’s surroundings: cultivated land and necropolises	203
Approaching the town	205
Inside the town	206
<i>The South Arabian town, an administrative and political centre</i>	214
The seat of a ruling elite	214
The town, seat of the central authority	223
The place of political activity in the town and the creation of an urban framework	228

<i>The South Arabian town as a defensive and military centre</i>	229
Defensive centres at the local level	229
Between defence and ostentation	230
<i>The South Arabian town as a religious centre</i>	231
Religion in the town	231
An absence of properly urban religious practices but urban centres with religious functions	232
<i>The South Arabian town as an economic and commercial centre</i>	236
Craft corporations and craft centres	236
Proximity to natural resources and establishment of economic centres	239
Caravan towns and sea ports: international trading posts	239
The place of economic activity in the urban framework	240
4. The social structure and identity of South Arabian populations	243
<i>South Arabia: a segmentary society</i>	243
The Minaean tribe	243
The Qatabānian tribe	244
The Sabaean tribe	246
Evolution of South Arabian social structure and power	248
<i>South Arabian populations: between tribal and urban-based identity</i>	249
Between the 8 th and the 2 nd century BC, an identity founded on kinship	249
At the turn of the 1 st century BC/AD: appearance of a territory-based identity and perception of the town as such	251
A hypothesis for the evolution of identity markers through time	252
The urban population of South Arabia, between tribalism and urban feeling	252
5. Discussion on the settlement process in South Arabia	255
<i>Sharing water: a formative social factor</i>	255
A valley, a tribe, a kingdom	255
The Ḥaḍramawt, a valley apart	259
<i>Urbanisation of South Arabia and the evolution of South Arabian society: converging dynamics</i>	265
The formative phase (12 th – 8 th centuries BC)	265
7 th – 1 st centuries BC: permanence of the linear network	269
The three bipolar networks (1 st – 3 rd centuries AD)	272
The centralised urban network (4 th – 6 th centuries)	276
CONCLUSION	279
BIBLIOGRAPHY	283
LIST OF FIGURES	319
INDEX OF TOPONYMS	325
LIST OF INSCRIPTIONS	331
